ACCESSORIES

CLUM

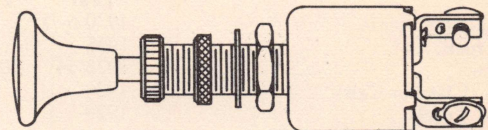

5503—replacing the 8535, is now packed in a single carton, with 20 switches in a counter display. This push-pull switch is equipment on many cars, trucks, radios, and is furnished by accessory manufacturers with their many devices for installation on cars. Long threaded housing for wood or metal dash. Furnished with round knurled front nut and hex. back nut for adjustment to thickness of material on which it mounts.
